Professional Summary

Motivated B.Tech Information Technology student with hands-on experience in Java, Spring Boot, React.js, MySQL, MongoDB, REST APIs, Git, and full-stack web development. Skilled in building scalable web applications, optimizing application performance, integrating databases, and solving real-world problems through clean, maintainable code. Strong foundation in Data Structures, Object-Oriented Programming, DBMS, Operating Systems, and Software Engineering.

Technical Skills

Languages: Java

Frontend: HTML5, CSS3, JavaScript, React.js, Tailwind CSS

Backend: Spring Boot, REST APIs

Databases: MySQL, MongoDB

Developer Tools: Git, GitHub, Postman, VS Code, IntelliJ IDEA

Core Concepts: Data Structures, Algorithms, OOP, DBMS, Operating Systems, Computer Networks

Professional Experience

Web Development Intern

Nov 2025 – Dec 2025

Remote

React.js, Spring Boot, MySQL, Git, Postman

- Engineered **12+ responsive web pages** using React.js and Tailwind CSS, improving mobile responsiveness by **30%**.
- Integrated **15+ REST API endpoints** with Spring Boot and MySQL, reducing average response time by **35%**.
- Optimized reusable UI components and backend queries, improving application performance by **28%**.
- Resolved **40+ frontend and backend issues**, collaborated through GitHub, and delivered every assigned module before deadlines.

Projects

Focus Room — *React.js, Tailwind CSS, Spring Boot, MongoDB*

- Architected a distraction-free virtual study platform supporting collaborative learning and productivity tracking.
- Integrated Pomodoro scheduling, task management, and study analytics to improve learning efficiency.
- Enabled secure real-time messaging, group collaboration, and note sharing using Spring Boot and MongoDB.
- Designed an interactive dashboard that visualizes daily, weekly, and monthly study performance.

Smart Finance Tracker — *React.js, Tailwind CSS, Spring Boot, MongoDB*

- Designed a centralized finance management platform for tracking income, expenses, savings, budgets, and loans.
- Automated transaction categorization and financial summaries, reducing manual budgeting effort by **70%**.
- Executed secure REST API integration for efficient financial data management.
- Presented financial insights through interactive dashboards and dynamic charts for informed decision-making.

Achievements

- Solved 250+ coding problems on LeetCode and coding platforms.
- Secured First Prize in Prompt Wars Technical Event.
- Built two end-to-end full-stack web applications using React.js and Spring Boot.

Certifications

- MySQL Bootcamp – Udemy
- Java Fundamentals – Scaler
- React.js Mastery – Scaler
- Spring Boot – Scaler

Education

B.Tech Information Technology

National Engineering College, Kovilpatti

Expected Graduation: 2027

CGPA: 8.04/10
